SUMMARY

Software Developer with **4+ years** of experience building scalable web and mobile applications using **React.js, Next.js, Node.js, TypeScript, AWS, Docker, and modern cloud technologies**. Specialized in scalable SaaS platforms, automation systems, and cloud-based applications.

EXPERIENCE

Software Developer

Automis.ai

January 2026 - Present, Lisbon, Portugal

- Built AI-driven SaaS dashboards for **Automis AI** using **React, Next.js, Node.js, Supabase, and TypeScript**, improving workflow efficiency by **30%**.
- Built **5+ CRM modules**, onboarding dashboards, and call-management systems with real-time backend integrations and external API connectivity.
- Implemented **n8n automation pipelines** and AI-assisted workflows, reducing repetitive operational tasks and improving onboarding scalability.
- Collaborated with the founder on frontend architecture, backend APIs, deployments, debugging, and rapid feature delivery across internal products.

Software Developer

INSIDEOUT DGA

April 2024 - December 2025, Mysuru, Karnataka

- Developed **10+ production applications** using **MERN, React Native, PHP, and Angular**, improving performance by **20%** and reducing development time by **30%**.
- Led **7+ full-stack projects** across healthcare, education, and business platforms with **100% on-time delivery** and **95% client satisfaction**.
- Conducted code reviews and maintained development workflows using **Git and JIRA**, improving code quality by **30%** and supporting scalable engineering standards.
- Collaborated with cross-functional teams and mentored junior developers, improving team productivity by **20%** while contributing to maintainable system architecture.

Full Stack Developer

Hellbent Software and Educational Services LLP

October 2021 - March 2024, Vidisha (M.P)

- Built multi-client platforms using **MERN, PHP, Angular, and Next.js** for e-commerce, healthcare, and education businesses, supporting **10+ client deployments**.
- Implemented automated deployment pipelines using **Docker and AWS EC2**, streamlining production deployments with SSL configuration and scalable hosting workflows.
- Developed responsive frontend systems using **Shadcn UI and Tailwind CSS**, increasing mobile engagement by **35%** and improving conversions by **20%**.

PROJECT

Renidy

Renidy

• [renidy.com](#) • November 2025 - January 2026

- Built and maintained the **Renidy digital platform** using modern **full-stack technologies** and scalable business workflows.
- Developed responsive **UI/UX layouts** and optimized navigation systems, increasing **user engagement by 35%** across desktop and mobile devices.
- Implemented scalable **frontend architecture** and backend integrations, improving **platform responsiveness** and overall user experience by **40%**.

Mindful TMS Healthcare

INSIDEOUT DGA

• [mindfultms.in](#) • August 2024 - November 2025

- Built the **Mindful TMS healthcare platform** using **Next.js**, connecting **10+ clinic locations** across India for specialized neurocare services.
- Implemented secure appointment booking and patient portals with **HIPAA-compliant data handling** for rTMS treatments and psychiatric consultations.
- Integrated analytics and reporting systems, improving operational efficiency across clinics by **25%** through data-driven decision making.
- Developed a comprehensive healthcare CRM with treatment tracking and progress monitoring, improving patient experience and clinical workflow efficiency by **30%**.

SKILLS

Frontend: React.js, Next.js, Vue.js, Angular, TypeScript, JavaScript, Tailwind CSS, Redux, React Native.

Backend: Node.js, Express.js, Nest.js, REST APIs, GraphQL, Laravel, ASP.NET Core, WebSockets, Microservices.

Database: PostgreSQL, MongoDB, MySQL, Firebase, Supabase, Prisma ORM.

Cloud & DevOps: AWS, Docker, Kubernetes, Linux, NGINX, Cloudflare, Redis, GitHub Actions, CI/CD Pipelines.

Tools & Engineering: Git, GitHub, Jira, Postman, Jest, System Design, Performance Optimization, API Integrations, Real-time Systems.

EDUCATION

Master of Computer Applications (MCA)

Manipal University Jaipur • Jaipur

Diploma in Computer Applications (DCA)

Sanjay Gandhi University • Lucknow

Bachelor Of Computer Applications

Veer Bahadur Singh Purvanchal University • Jaunpur, Uttar Pradesh
